

9 MILE TO BARATARIA TRANSMISSION LINE

INDUSTRIAL

CHALLENGE

Entergy Louisiana plans to build a new 15-mile transmission line due to the deteriorated state of the existing line. The project's main goal is to increase electrical service reliability to businesses and residents located south of New Orleans.

SOLUTION

TBS' role in this project is to assist in the overall goal of reducing impacts to wetlands, wildlife habitats, water quality, and the valuable resources located in Jean Lafitte National Historical Park and Preserve.
