SAFETY

We expect professionalism, honesty, integrity, and a commitment to health, safety, and environment in everything we do. Our main goal is to ensure that when our associates come to work, whether it be in the field or in the office, they will return home safely – possibly tired, dirty, and hungry – with the peace of mind of being able to provide for their families in a safe environment.

Safety is in our DNA. It is built into everything we do through our Safety Management System.

COMMUNITY PARTNERSHIP

The Smith family has a long legacy of giving back to the community and believes that using this purpose-driven philosophy in everyday practices has contributed to 100 years of success. In 2012, TBS founded the SPARK group (Social Purpose And Responsibility Krewe) to provide an outlet for fundraising efforts to allow associates, colleagues, and friends an opportunity to contribute to various charities. In 2013, the SPARK group took the success of the charitable fundraising efforts to a new level, and the Smith family formed a 501(c)3 non-profit organization for maximum giving potential to the many deserving charities among the TBS locations. Fundraising efforts are used in supporting multiple programs and initiatives that support charitable efforts, such as educational programs, medical research foundations, holiday giving drives, humanity assistance projects, and much more.

“We all have to pay rent for the time we spend here on earth; the more you are blessed with, the more rent you owe. I owe plenty.”

– Kenny Smith, Chairman of the Board and Treasurer, TBS SPARK Foundation
