FAST FACTS

MARKET SECTORS:

Public Works
Oil & Gas Exploration and Production
Pipeline
Industrial Infrastructure
Land Development

PRACTICE AREAS:

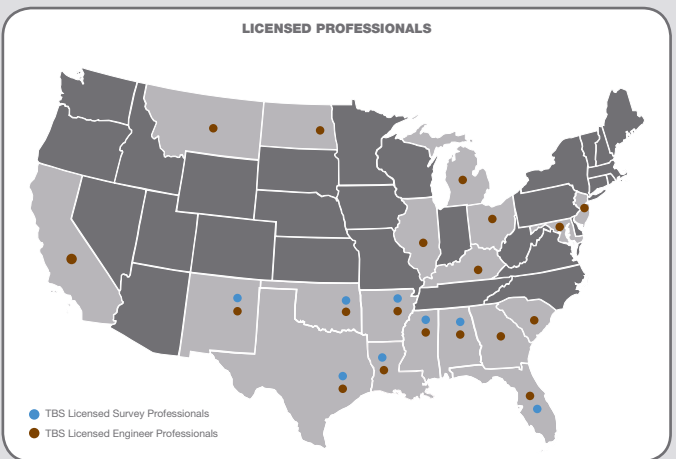

Planning
Environmental
Surveying
Engineering
Program/Project/Construction Management
Mapping/GIS
3D Modeling

BENCH STRENGTH: 250+ professionals and support staff

Planners	Near/On Shore Surveyors
Civil Engineers	Offshore Surveyors
Structural Engineers	Project Managers
Coastal Engineers	Project Technicians
Mechanical Engineers	Project Controllers/Assistants
Environmental Engineers	CADD Technicians
Hydrologic Modelers	3D Modelers
Environmental Compliance Specialists	GIS Technicians
Oyster Biologists	Application Developers
Biologist/Wetland Delineators	HSE Professional
Professional Land Surveyors	Administrative Support

IN-HOUSE RESOURCES:

30 Standard 3 Man Land/Near Shore Survey Crews
20 Marine Survey Vessels and Barges
Offshore Geophysical Survey Vessel
4 Near Shore/River Hydrographic Survey Vessels
7 Airboats and 2 Marsh Buggies
20 All-Terrain Vehicles
20 GPS Total Stations
Laser Scanner, Multibeam, Digital Sonar
37 Gradiometers/Magnetometers
2 UAS Quadcopters
2 Fixed Wing Drones
1 Hexacopter with LiDAR Sensor
SUE Vacuum Truck

SAFETY:

We expect professionalism, honesty, integrity, and a commitment to health, safety, and environment in everything we do. Our main goal is to ensure that when our associates come to work, whether it be in the field or in the office, they will return home safely – possibly tired, dirty, and hungry – with the peace of mind of being able to provide for their families in a safe environment.

TBS ensures success with safety as the priority using a variety of programs:

- Pre-Job Scoping
- Job Safety Analysis
- Tailgate Meetings
- Field Leadership
- Safety Observation Reports
- Hazard Assessments
- Manager Job Site Visits
- Field Safety Audits
- Training Opportunities
- Associate Wellness Program
- Safety Meetings
- Stop Work Authorization

COMMUNITY PARTNERSHIP:

The Smith family has a long legacy of giving back to the community and believes that using this purpose-driven philosophy in everyday practices has contributed to 100 years of success. In 2012, TBS founded the SPARK group (Social Purpose And Responsibility Krewe) to provide an outlet for fundraising efforts to allow associates, colleagues, and friends an opportunity to contribute to various charities. In 2013, the SPARK group took the success of the charitable fundraising efforts to a new level, and the Smith family formed a 501(c)3 non-profit organization for maximum giving potential to the many deserving charities among the eight TBS locations.

Kenny Smith, Chairman of the Board and Treasurer for the TBS SPARK Foundation, expresses, "We all have to pay rent for the time we spend here on earth; the more you are blessed with, the more rent you owe. I owe plenty." Fundraising efforts are used in supporting multiple programs and initiatives that support charitable efforts, such as educational programs, medical research foundations, holiday giving drives, humanity assistance projects, and much more.

COMMUNICATION:

Through our various media connections, you can find the most current information about our operations. As an industry leader with expertise in many market sectors, we strive to keep communication on the front lines for our clients, associates, and industry partners.

Please visit our website at www.tbsmith.com and connect with TBS on our social media platforms:

AWARDS:

For 8 continuous years, TBS has ranked in the top 500 engineering firms nationally by *ENR* magazine. We have also been honored to receive numerous local and civic awards because of our commitment to the local communities we serve.
